EDU:PACT Intercultural Education through Physical Activity, Coaching and Training

Co-funded by the Erasmus+ Programme of the European Union

Educate and Integrate?!

Intercultural Education in Physical Education and Sport Coaching

Interactive Online Conference

2nd of March 2021, 09:30 - 12:00 (CET)

Research indicates that many physical education teachers and coaches have not received formal training on working with diverse groups, and lack professional competences in the area of intercultural education.

So what are the current challenges for PE teachers and coaches when they are teaching culturally, ethnically and linguistically heterogeneous classes of pupils or athletes? What are the future perspectives of intercultural education in the setting of school and sports clubs?

Join this interactive online conference, that will focus on intercultural education in school sport and sports club environments, and will provide an insight into the results and tools developed in the Erasmus+ project EDU:PACT.

Target groups: government representatives and policy makers, persons responsible for educational programs and coaching education, audience from universities, universities of applied sciences and umbrella organizations. PE teachers, coaches, experts working in the field of intercultural education.

Registration using the form on the website is absolutely necessary, the number of participants is limited. Participation is free of charge. You will receive the link to the livestream after registration. Registration deadline is the 26th of February 2021, 12:00 CET.

Speakers:

Harald Tschan – University of Vienna

Karen Petry – German Sport University Cologne

Marc Theeboom – Vrije Universiteit Brussel

Kristine De Martelaer – Vrije Universiteit Brussel
